

SIEVERT®

TURBOJET TWIN

- Twin Cyclone burner 2xØ14mm
- Brazing up to Ø24mm
- Automatic ignition - guaranteed for 30 000 ignitions
- 360° swivel burner for hard to reach places
- Built in regulator 0-3,5 bar

Turbojet twin swivel torches

Valve connections	Art no
EU with piezo	264112
US with piezo	264133

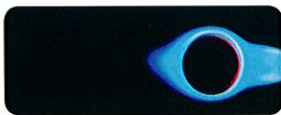

System

Turbojet

Easy to use blowtorch with swivel burner for hands-free works

Turbojet swivel torches

System

- For all kinds of brazing, soft soldering and heating applications

Technical data

Working pressure, bar	0-3,5
Burner diameter Ø, mm	14
Gas consumption, g/h	295
Effect, kW	3,8
Soft soldering max Ø, mm	40
Brazing max Ø, mm	18
